

Technical drawing of a diamond-shaped roof structure. The drawing shows a cross-section of the roof with various dimensions and angles. The top width is 8,00mm. The top horizontal distance from the center to the edge is 3,30mm at 57.9°. The top vertical distance from the center to the edge is 3,30mm at 12.9°. The bottom width is 8,00mm. The bottom horizontal distance from the center to the edge is 3,30mm at 57.9°. The bottom vertical distance from the center to the edge is 3,30mm at 12.9°. The total height of the roof is 6,60mm. The total width of the roof is 8,00mm. The total horizontal distance from the center to the edge is 3,30mm at 57.9°. The total vertical distance from the center to the edge is 3,30mm at 12.9°.

General Report Comments:

A world map with a red rectangular box highlighting the location of the study area in South Africa. The map shows the continents of North America, South America, Africa, Europe, Asia, and Australia. The red box is positioned over the southern tip of Africa, specifically over South Africa.
