This Report is not a purchase, sale, or appraisal and contains only the characteristics of the diamond described herein after it has been publicly tested, examined and analyzed by the GIA Laboratory and/or has been reported using the techniques and equipment used by the GIA Laboratory at the time of the examination and/or inspection. Inclusions reported in this document are not a guarantee, validation, or warranty of an article's quality, clarity or origin or source, or that the article will be identifiable by the inscription in the future (since inscriptions can be removed). GIA makes no representation concerning any trademark, word, or symbol which is inscribed by GIA or which is identified in this Report. The recipient of this Report may wish to consult a professional jeweler or gemologist about the information contained herein.

The security features in this document, including the hologram, security paper and computer data, are subject to change and terms, should be read carefully before purchase.
